

ELECTION BILL IS BURIED DEEPLY

Assembly Amendments to Hagemester Substitute Defeated 17 to 12.

ROAST FOR ASSEMBLY

Gov. La Follette Scores the Lower House For Defeating Railway Taxation Bill.

PASS APPORTIONMENT BILL

Madison, Wis., May 2.—The stalwarts of the senate held their forces together today and defeated the assembly amendments to the Hagemester primary election bill 17 to 12, holding every vote they had against the Stevens bill except that of Mosher.

The vote of Senator Fearnie who was buried yesterday counted for the bill, he being paired with Morse.

The bill comes up in the assembly tomorrow on the question of receding from its amendment.

Governor Roasts the Assembly

Governor La Follette sent a warm veto measure to the assembly today it relating directly to the bill taxing farmers' dogs but the governor took the occasion to roundly score the lower house for defeating the railway taxation bill and he drew vigorous comparison between taxing the farmer for his dog and letting the railways and other companies get off lightly.

The assembly killed the bill taxing railways on the ad valorem system by a vote of 51 to 46. The discussion and vote came after the reading of the governor's message which some of the speakers referred to.

Pass Senate Apportionment.

The apportionment of senatorial districts passed the senate 29 to 2. Senator McDonough tried to amend the bill by putting Eau Claire county back in its old district instead of making a district of Eau Claire and Chippewa. He said that those counties could never agree. Senator Burns also wanted to amend by putting Grant and Vernon in one district and Richland and Vernon in another.

Both amendments were defeated. Senators McDonough and Wolf voted against the bill as passed.

AGAINST AN EXTRA SESSION.

Adjournment Will Not Come Until Apportionment Matter Is Settled.

Madison, Wis., May 2.—The senate has its own hands, and there will be no adjournment now until the work of this session has been done up in such shape that there can be no excuse for an extra session. The resolution was called from the assembly yesterday morning and laid over until Friday morning. The time in which it could have been reconsidered has expired and it will die. When the time comes for an adjournment a new resolution will have to be introduced in one house or the other and passed as though there had been no previous resolution on the subject.

Everything depends upon the senatorial apportionment. The bill is on the calendar this morning and will be passed by the senate under suspension of the rules. There will be little or no trouble with it in the upper house. It will be messaged to the assembly without delay and an attempt will be made there to pass it under suspension of rules as in the

senate. It is not likely that the effort will succeed, though some of the senators say that it will get through both houses before the summer is over.

It is generally conceded now that the congressional matter cannot be fixed at this late day in any other way than by providing for a congress-man-at-large. That may interfere with the dreams of some ambitious gentleman, but it is suggested that they could all be candidates for congress-man-at-large, and if such a place is made there will no doubt be a raft of candidates.

The university appropriation bill was passed by the assembly this morning under suspension of the rules. The bill provides for an appropriation of \$150,000 for a new college of agriculture and \$30,000 for equipping the new college of engineering and these sums will be taken from the general fund. The bill also increases the fund for the maintenance to the extent of \$21,000 a year.

Practically the whole legislature attended the funeral of Senator Fearnie yesterday and as the special train did not return until nearly 10 o'clock last evening there was no chance for an evening session or for committee work. The morning session was cut short and the week will end with comparatively little accomplished.

A pair with a dead man killed the barber bill. Senator Fearnie was very

New York, May 2.—Whether the purchase of the Leyland fleet by Pierpont Morgan will help or hurt the ship subsidy cause is a question that is bothering ship owners. Some of them contend that it will be helpful because it will stimulate American pride in ocean affairs, and will create a demand for more ships. Men who fought the subsidy bill last winter contend that the Morgan fleet is an argument on their side. It shows, they say, that the American mercantile marine will grow without subsidy and even if a subsidy is paid it be absorbed by a few trusts.

Morgan Plans on Subsidy.

Washington, May 2.—The purchase of the Leyland line of steamers by J. Pierpont Morgan for a syndicate of railroad capitalists who control the ocean terminals of the United States and are understood to be working to the end of securing enough tonnage to control transportation by sea has revived gossip in Washington concern-

PURCHASE OF LEYLAND FLEET CHECK ON THE SUBSIDY BILL

Shows That an American Marine Will Pay Without Government Aid—Hanna and Frye Will Offer Ship Subsidy Bill Anew to Congress.

It leaked out today that Senators Hanna and Frye served notice on a majority of their republican conferees just before the close of the congress in March that they will offer the ship subsidy bill anew next December and attempt to force its passage before congress adjourns in June.

Morgan Deal an Obstacle.

Mr. Morgan's open purchase of the Leyland line and his negotiations for other lines of English steamers which are now under consideration are believed to be unfortunate for the ship subsidy grab. The opinions of experts on legislation in Washington all agree that this bill would have stood a better chance of being passed by the fifty-seventh congress if the New York financier had not betrayed his plans and those of his partners by wholesale purchases of British tonnage.

STUDENTS IN SHIRT WAISTS.

Several Blossomed Out in Chic Attire at Madison.

Madison, Wis., May 2.—At the university yesterday the first attempt of men in wearing shirt waists was made. Chauncey Blake and Beach Maguire, students from Rockford, blossomed out in creations very chic. This morning more shirt waists were seen on the campus. But the waists are not worn by university students alone, for the high school boys are also adopting the style.

HOT WEATHER AT ST. PAUL.

All Heat Records for May During Last Thirty Years Broken.

St. Paul, Minn., May 2.—All heat records for May weather during the last thirty years were broken yesterday. Unofficial thermometers registered as high as 92 degrees in the shade, while the government instrument, many feet above the sizzling asphalt streets, reached 90. The heated spell has now continued for almost a week, increasing in intensity each day.

WILL BLEED CHINA FOR \$273,000,000

Total Indemnity Demanded by The Powers Has Been Fixed.

CHINA CANNOT PAY IT

Scheme for Russia and Germany to Seize Land in Lieu of Cash.

SPOILIATION PLAN IS PLAIN

London, May 2.—Two hundred and seventy three million dollars is the international bill to be laid before China as the sum total of the cost to her of the Boxer uprising.

This enormous amount—nearly 40 per cent. greater than the expert Sir Robert Hart has repeatedly declared the empire can pay without seriously crippling her—has according to Paris report, been decided upon by the committee of ministers at Peking.

Basis for All Negotiations.

German greed and Russian avarice are blamed here for this decision which while not final will be the basis of all negotiations in the future.

Upon the request of the United States, made early in the deliberations of Peking, Great Britain consented to scale down her claims against China to such an extent as, if followed by the other nations, would reduce the total to \$200,000,000. Germany and Russia, however, have been insistent upon the justice of their bills as at first presented, and have agreed despite steady pressure, to modify them but slightly.

The result is to throw China into a financial crisis, which, while not undesired, may work her territorial undoing.

Problem in Collection.

Now that the financial Rubicon has been crossed the powers are face to face with the problem of how to collect their bill. Here again the United States and Great Britain stand side by side. They stand alone in resistance to higher Chinese custom duties, but so firm is their attitude that it is felt here that they must finally prevail in greater part, if not wholly.

While opposing these increased duties, a substitute plan has been offered neither here nor in Washington. The Anglo-American stand is therefore one of negation rather than of leadership. In the end this may prove unfortunate, for it is not doubted here that Russia and Germany at least will start a policy of land grabbing if they are not quickly indemnified in cash.

GREAT RUSH FOR THE PACIFIC COAST

Homeseekers Passing Through St. Paul on Their Way West by the Thousands.

Minneapolis, Minn., May 2.—Seven heavy passenger trains, none of them of less than eleven cars and each loaded to the guards with men, women and children, left Minneapolis today for the Pacific northwest. The number of people on these special trains was not less than 3,400. The total number of people taking advantage of the settlers' rates and passing through St. Paul and Minneapolis, since September is estimated at 65,000.

JANESVILLE MASONS DECIDE TO ERECT A TEMPLE

They Have Purchased For a Site the Shearer Property on the Corner of South Jackson and Dodge Streets, for which They Paid \$4,000--The Building When Completed Will Cost in the Neighborhood of \$15,000.00.

A Masonic temple is to be erected on the James Shearer property, corner of South Jackson and Dodge streets. The deal for the property was closed last evening at a meeting of the Masonic board of trustees. The consideration was \$4,000.

News of the proposed new buildings and improvements for the city has been coming thick and fast during the past few weeks and the steady procession has borne home to the minds of the people of Janesville the fact that the spirit of progress is in our midst and has come to stay.

The announcement that a Masonic temple is to be numbered among the new buildings which will belong in a sense to the public and will be just

cause for civic pride, is a most welcome one. A suitable home for the Masonic lodges will be a great addition to the city and the location is a most effective one. A Masonic temple will be a good neighbor for the Congregational and Baptist churches.

The Masonic order has desired a home of its own for many years but as there are four bodies in the order it was difficult to come to some definite and harmonious action.

Finally about a year and a half ago a board of trustees consisting of three members from each body was appointed and given full power to dispose of all moneys in the treasuries of the different bodies with the special view of securing a home for the order.

This board of trustees consists of S. C. Cobb, W. W. Willis and James P.athers, representing Janesville chapter, No. 5, Royal Arch Masons; G. C. Sutherland, V. P. Richardson, C. B. Evans from Janesville Commandery, No. 2, Knights Templar; C. C. MacLean, G. H. Erredge, Thomas E. Cook, of Janesville lodge, No. 55, Free and accepted Masons; W. H. Merritt, C. E. Ransom, Fred Howe, Western Star Lodge, No. 14, F. and A. M.

This board has organized with S. President; James Pathers, Secretary; James Pathers, Secretary and C. B. Evans, Treasurer.

The first definite move which the board made was an attempt to buy the All Souls church property, but

they were outbid by Dr. Woods. The board then secured options on several desirable sites and last evening the selection was made. Several members of the board favored the Crall property, corner of North Jackson and Wall streets.

The temple will probably not be erected until next summer as the Masons' lease of their present quarters does not expire until a year from next fall. The Masons are opposed to going deeply into debt but they have between \$7,000 and \$8,000 on hand at present. The board of trustees has full power to act in the erection of the building and the majority are in favor of a building for purely lodge purposes with no part of it devoted to lodges or stores.

BANK CHECKS PASS FOR IMMENSE SUMS

Drafts for Millions a Common Thing in New York During Present Financial Boom.

New York, May 2.—Nothing connected with the financing of the great deals in Wall street has been more remarkable than the extraordinary number of large checks that have passed through the clearing house. The volume of these transactions of late has broken all records, so that whereas a few years ago checks for \$5,000,000 or \$10,000,000 were preserved as souvenirs items for such amounts now attract but little attention.

A day or so ago one important downtown bank put through the clearing house a single check for \$16,000,000, that had to do with some large undertaking, and with other items footed up an enormous day's exchange. Checks for \$10,000,000 or so have also been used frequently of late, while \$1,000,000 items have now become so common that they now pass without special comment.

The largest check during the present bull movement was a \$23,000,000 item drawn by J. P. Morgan & Co. in connection with the Carnegie Steel deal. That did not pass through the clearing house, being deposited in the First National Bank (the institution on which it was drawn) by the persons receiving it.

ROCKEFELLER TELLS OF ART IN GIVING

Says Most Good Is Done by So Shaping Donations as to Compel Others to Give Likewise.

New York, May 2.—John D. Rockefeller told an intensely interested audience last evening how he had learned to read men and learned how to influence them at the church door when he was a boy. He explained that he clause in so many of his large gifts of late years which has mystified or irritated so many people, the requirement that a sum equal to his gift shall be obtained from other persons.

He said that the man who made other men give was one of the most useful men of the community, and he urged his hearers to become of that number. And he told—with an apology for the personal incident—of the fact that in a generation he had, through the business which he established, paid to labor the sum of \$700,000,000, which is equivalent to \$10 to every resident of the United States.

He was speaking to the Young Men's Bible class of the Fifth Avenue Baptist church, of which his son John D. Rockefeller Jr., is leader.

Mr. Rockefeller said also: "I believe that many a man with the will to benefit others has with less learning made a better teacher than those who keep on imbibing and impart nothing."

OBJECT TO COLOR LINE.

St. Paul Woman's Club Takes Vigorous Action.

St. Paul, Minn., May 2.—By a vote of 48 to 18 and after a contest lasting the entire afternoon the New Century club, one of the leading women's clubs of St. Paul adopted a resolution "Protesting against any color line in the Minnesota State Federation and desiring the conditions of membership to remain as at present intellectual and moral fitness."

Remits Mrs. Nation's Fine.

Kansas City, May 2.—Police Judge McAuley has remitted the five hundred dollar fine he imposed on Carrie Nation for the alleged obstruction of sidewalks. He says that the whole matter of fine and his speech on that occasion had been prearranged for mutual advertising.

PRICE OF MAY CORN SENT UP TO 55 WILD SCENES IN THE CHICAGO PIT

Corn King Phillips is Mercilessly Squeezing the Shorts—Predictions That He Will Receive a Bump—An Exciting Day in Stocks.

Chicago, May 22.—The wildest scene of the year occurred in the corn pit this morning when corn king, Phillips, continued to mercilessly squeeze the shorts and sent the price of May corn up to 55.

The shorts have at last come to a realization of the fact that Phillips controls all contract corn and when the board opened today they made frantic efforts to buy at fifty and fifty-one.

When they saw that none was to be had at these figures the excitement became intense and after the wildest sort of bidding the price advanced to 54.

A few sales at this notch held the market steady for a short while, but another lively demand sent it up to 55.

In order to win it will be necessary for Phillips to carry his deals until August 1, and in this effort he is

BRITISH DESTROY BOER WAR MONUMENT

A Burgher Commando Passing the Ruins Swears to Fight Until They Can Replace It.

Amsterdam, May 2.—H. J. Louw, field cornet in the Boer army, arrived here. He says that the British destroyed the Boer war monument erected in '81 at Paardekraal. Soon after a large Boer commando passed the ruins. Each Boer threw a stone on the ruins as a pledge to continue fighting until able to replace the monument.

New York, May 2.—The custom of holding the trial yacht races off Sandy Hook has been abandoned. The races to select the American cup defender takes place off Newport, June 3, 4 and 5.

FEARS IN FRANCE OF ARAB REVOLT

Paris, May 2.—The situation in Algeria is so serious that a general revolt of the natives is feared. The government has begged Governor General Jonnard, who resigned yesterday to return temporarily at least, and he may consent.

The attitude of the natives is daily growing more threatening. The basis of the trouble is the starving condition of the natives. The French military operations during the last year have also greatly excited the Arabs and they are ready to follow any leader against an infidel invader.

The French troops now in Algeria number about 75,000, a force fully competent to deal with a general revolt in its earlier stages. But another full army corps will be sent if necessary.

GOTHAM FEELS TIDE OF PROSPERITY

Many Fortunes Made Recently on Wall Street in Speculation—Spending Money Like Princes.

New York, May 2.—Whatever may be the outcome of the wonderful speculation in Wall street, it has, since election, made a good many fortunes for a good many people. More fortunes of respectable dimensions have been made in speculation in the past six months than ever before in such a time. The big men have made big money. But the smaller fry have made what would have been considered fortunes twenty-five years ago. The man who has made any where from \$50,000 to \$100,000 since election is almost as common these days in Wall street as flies are in August.

The town has felt the result of these winnings. The jewellers for instance, say that they have not had such a demand for expensive jewelry in a long time as they have had in the last three or four months. The best bars and the best restaurants in town repeat the story of the jewellers. Not in years, not even in any part of the era of prosperity that came in with

McKinley have there been such hilarious good times.

Where beer or whiskey was drunk a year ago nothing but wines will do now, and the greatest luxuries of the season are those which are in the greatest demand in the restaurants. The people seem to have nothing but money, and after three o'clock in the afternoon seem to have nothing to do but to spend it. There are more private dinner parties given at the hotels and in private restaurants now than there have been in a long time, and it seems to be necessary that these dinners should cost more.

J. P. Caddagan, manager of the Hoffman house, said yesterday: "I can remember the time, and it is only a mighty few years ago, when a dinner, given at a hotel or restaurant, which cost \$10 a plate, was considered a pretty swaggar sort of a dinner. But now a \$10 a plate dinner simply isn't it. Just plain ordinary dinners cost \$15 a plate, and from that up. This, of course, takes no account of the floral decorations and the music, these being all extra."

HAD JOHN HOGAN ESCORT HER AT NIGHT

How a Chicago Woman Landed in
Janessville at Midnight and How
She Was Received.

Ariadne, writing in the Record-Herald, has a John Hogan reminiscence. She says in leading up to the incident:

"You know when I left here to go up to Wisconsin I consulted my pet time table folder, shut my eyes and planted my finger on a train. It proved to be a five o'clock train for Milwaukee, Madison and Janessville, and I figured I would strike Janessville about eight in the evening. There was another train leaving at 6:15, but I figured that would get me in too late. I didn't wire the Griscoms that I was coming, for I intended to take a cab or something to their house. Well that 5 o'clock train—"

"Didn't it go to Janessville, after all?" they chorused.

"It went to Janessville," pursued Ariadne, "but before it got there it meandered over the whole state of Wisconsin, as near as I could make out. It stopped at Milwaukee and Racine and I have a dim notion we called at Menominee and at Portage and various other points before we finally came back to Janessville. It was between 10 and 11 o'clock at night, anyhow, when I tumbled off on the platform. There wasn't a soul in sight and instead of a mob of bus and hack men clamoring for my patronage silence greeted me. A solitary vehicle lumbered up against the platform and I attacked the driver.

"Got a load already, lady," said the unfeeling driver. "No room for ye." I said something about not caring to stand on the platform all night, and besides that I had a heavy grip.

"A man and woman and two children were clambering into the hack. The driver gathered up the reins. 'Leave your grip in the baggage room, lady,' he said. 'Geddup!' The hack vanished, and I wanted to sit down and cry. I suppose it had been a desert and Siberian wolves had been after me that brutal hack man would have left me just as calmly. Well, I had a faint idea which way to go, but it was very faint, for I hadn't been up to Janessville since I was a youngster. I walked several blocks and then I caught up with a man ahead of me. I didn't know whether it was a minister or a hold-up man, but I didn't care. I asked him if he knew where Locust street was. He didn't. I could plainly see the idea of a young woman wandering around the streets alone at midnight did not appeal to him. Just then another man loomed up and the first man turned me over to him. 'He will know where Locust street is,' said No. 1 nervously and vanished.

"Sure," said No. 2, and gallantly grabbing my grip he started off and I tagged along. I was scared to death, besides being dreadfully embarrassed. It seemed so cheeky taking up so much time from a big man, evidently tired and on his way home. I said something of the sort.

"Not at all," said my escort cheerfully. Then he told me who he was. He was John Hogan, who had been town marshal for more years than I can count. When I was an infant and lived up there I can remember hearing about John Hogan, the marshal. And he is still marshaling. I nearly fell on his neck. We rang up the Griscoms and they almost dropped dead finding me at their front door in the middle of the night in the clutches of the law. It took me till morning to get it all explained."

From Washington

How a Little Boy Was Saved.

Washington, D. C.—"When our boy was about 16 months old he broke out with a rash which was thought to be measles. In a few days he had a swelling on the left side of his neck and it was decided to be mumps. He was given medical attendance for about three weeks when the doctor said it was scarlet fever and ordered a salve. He wanted to lance the sore, but I would not let him and continued giving him medicine for about four months when the bunch broke in two places and became a running sore. Three doctors said it was scarlet fever and each ordered a blood medicine. A neighbor told me of a case somewhat like our baby's which was cured by Hood's Sarsaparilla. I decided to give it to my boy and in a short while his health improved and his neck healed so nicely that I stopped giving him the medicine. The sore broke out again, however, whereupon I again gave him Hood's Sarsaparilla and its persistent use has accomplished a complete cure. I do not think there will be even a scar left. I cannot speak too highly of Hood's Sarsaparilla and recommend it everywhere I get a chance." Mrs. NETTIE CHASE, 47 K St., N. E.

Like Magic.

"A complication of troubles, dyspepsia, chronic catarrh and inflammation of the stomach, rheumatism, etc., made me miserable. Had no appetite until I took Hood's Sarsaparilla, which acted like magic. I am thoroughly cured." N. B. SEELY, 1874 West 14th Ave., Denver, Col.

If you have failed to get relief from other remedies try Hood's Sarsaparilla. It cures when all others fail, because it is Peculiar to itself.

DIGS UP KETTLE OF GOLD.

Farm Hand Finds \$3,600 in Treasure
Near Akron, O.

Akron, O., May 2.—Joseph Myers, employed on the old Oscar Osborne farm, dug up a kettle today containing \$3,600 in gold. It was found near the barn. This is the second discovery of gold made on the place, making a total of more than \$5,000. Osborne's relatives have always contended that there was \$20,000 hidden in various places. Edgar Johnson is now serving a life sentence in the Ohio penitentiary for the murder of old man Osborne. It is claimed that the killing of Osborne was the result of his refusal to tell where the gold was hidden.

MAY PARTY GIVEN BY THE ENGINEERS

The eleventh annual May party given by division N. 185, B. of L. E. at assembly hall last evening was a success in every particular. From the time that the first sweet strains of music from Smith's orchestra, which was almost hidden behind a bank of palms, until the last bar of Home Sweet Home was finished, pleasure reigned supreme.

Nothing was overlooked by the members of the order that would add to the pleasure of the guests. The evening being rather warm several electric fans were kept running which helped to keep the hall at a comfortable temperature. The ladies were dressed in cool summer gowns and most of the gentlemen in negligee shirts and light coats.

Among those from out of the city who attended the ball were the Misses McCauley, Harvard; Miss O'Grady, Milwaukee; A. J. Clark, Fond du Lac; Dennis Thalen, Ed. Dolan, Harvard; George Erickson, Stoughton; Henry Taylor, Madison; George McAdams, Chicago; Charles E. Pierce, Chas. Dewey, Madison.

A great deal of credit is due the committees that had the handling of the party for the smooth manner in which everything passed off. The committees were: Arrangement—A. S. Wolcott, J. Walker, Mr. A. Crowley, Ed. Palmer. Floor—W. H. Brazell, M. A. Crowley, F. L. Church, A. S. Wolcott.

May Day Social.

The Christian Endeavor society of the Presbyterian church gave a May day social in the church parlors, last evening, a large delegation from the Presbyterian society of Beloit being the guests of honor. The visiting delegation included about twenty young people, chaperoned by Rev. and Mrs. T. T. Creswell. They made the trip overland and enjoyed heartily the moonlight ride and the pleasant manner in which they were entertained while they were the guests of the local society.

There was no formal program, but during the evening piano solos by Misses Evelyn Packer and vocal solos by Misses Gladys Heddles and Vera Lyntz were much enjoyed. A floral game proved very interesting and the evening passed very quickly and merrily. Fruited lemonade and wafers were served and when the goodnights were said it was with the expressed hope that the two societies might meet again in a social gathering in the near future.

"Bloomington Red's" Case.

"Bloomington Red," who was arrested this winter in Chicago for a burglary committed in Quincy, Ill., will come up for trial next week. District Attorney Jackson is engaged in preparing papers for a requisition. If "Red" is acquitted in Quincy, an officer will be on hand to arrest him for the robbery committed on Bort, Bailey & Co., at Beloit last winter. There is no question but that "Red" and his pals committed the burglary at Beloit as they were traced to Chicago where a portion of the stolen goods were recovered. If it happens that he is acquitted down at Quincy he will be brought here for trial.

WILL ESTABLISH A CHILDREN'S CHOIR

Court Street M. E. church has instituted a Children's choir. They have been very fortunate in securing as a leader Mr. Dan D. Bennett. Mr. Bennett has a splendid reputation as a chorus organizer and trainer. He will doubtless succeed in building a good Children's choir. The children meet for drill and rehearsal on Friday at 4 p. m.

Wisconsin Nearly Shut Out

Beloit, Wis., May 2.—Merrill's miff of an easy fly, a wild pitch, and a balk by Adams, was all that saved Wisconsin from a shutout yesterday, Beloit winning by a score of 10 to 1. Beloit's victory was due to hard and timely hitting, though the score was swelled somewhat by fielding errors. Merrill's home run in the fourth with two on bases and E. Brown's phenomenal catch of a low fly were features. Reckal was knocked out of the box in the fourth inning. Score: Beloit 10; Wisconsin 1.

Evans' Experience With Snakes.

Rear Admiral Robley D. Evans, when a young officer was on the Indian station in the Delaware. With several others he set up a bungalow on shore. He tells in "A Sailor's Log", published by the Appletons, what happened to a snake charmer that came along:

"The unfortunate thought came to

one of our men that it would be a good idea to get the Mohammedan drunk to see what he would do; so he prepared a dose for him that was very effective. He poured a good stiff drink of brandy into a beer glass, and then filled it with gin instead of water. The charmer took kindly to the drink and in a short time rolled out of his chair onto the floor, very drunk, and was soon fast asleep. The bag of snakes had not been thought of up to this time, but it also fell, and the inhabitants quickly spread over the floor. In the meantime five American officers took to the table, and drawing their feet up carefully, remained there until the snake charmer slept off his dose. He snored quietly while the snakes crawled over and around him, but it was a long time before he finally came to himself, secured his pets and took them away. We did not repeat that experiment."

TOBACCO ACREAGE WILL BE LARGER

From 15 to 25 Per Cent. More Than
Last Year—Some Trouble About
Young Plants.

The seed beds for another tobacco crop have now been sown but the weather conditions have not been favorable for the germination of the seed. The increased number of canvas covered beds to be seen throughout the tobacco growing sections of the state indicate that the acreage devoted to the cultivation of the plant will be very materially extended again this year. Last season's acreage was the largest ever planted in Wisconsin, but many new sections will be opened up this year that will enlarge the area from 15 to 25 per cent, giving a crop of 40,000 acres or such a matter. Much of course will depend upon securing plants sufficient in abundance and of proper size, six weeks hence when the crop will be transplanted from the beds to the fields. The cold, dry weather has been very much against securing a good stand of early plants, while the hard frosts a couple of weeks ago, it is feared, killed the tiny sprouts on the seeds at that time sown.

A fraction of last year's crop of a few thousand cases yet remains in growers' hands unsold, but for several weeks past has been moving out quite rapidly. The better lots have brought the producer from 7 to 9 cents per pound for assorted leaf while much of the storm damaged tobacco suitable for the export market has also found a ready sale at from 4 to 6 cents per pound. Generally speaking the crop is as well picked up as the average season at this date. A late transaction among packers is the sale of 1,400 cases put up by Shannon and Eckhart at Westby, to W. S. Brill for the account of Kerbs, Wertheim & Schiffer, New York manufacturers. Being the first large transaction in new leaf it will have especial significance to the trade.

Many of the warehouses at the packing points are still busy handling the purchases made some months ago and several have work in sight until well into the warm weather, making the season for tobacco handling an unusually long one.

The shipments out of storage from this market reach a total of about fifteen car loads for the week to all points. Some 600 cases of cigar leaf were exported from New York the past week.—Tobacco Reporter.

AMUSEMENT NOTES

Stuart Robson, who will appear in this city on Friday, May 3, at Myers Grand opera house, in "She Stoops to Conquer," is said to be drawing immense audiences in other cities in which he has presented Goldsmith's immortal comedy. Mr. Robson's business has always been large and he has always enjoyed the reputation of being one of the greatest money-making stars now before the public, but this season's business in "She Stoops to Conquer" eclipses all previous records. There is little doubt that the theatergoers of this city will turn out in large numbers to welcome the eminent comedian. His impersonation of Tony Lumpkin, the leading comedy role in "She Stoops to Conquer," is by long odds the best work that has ever been done by Mr. Robson during his long career. His portrayal of Tony, the funny country lad, stamps him as the leading comedian of his time. Not to have seen him in this character is to have missed one of the greatest comedy creations ever given to the stage. Associated with Mr. Robson is the strongest company that has ever traveled with the support, such as Eleanor Barry, the leading lady, and John E. Henshaw, the leading man, have been stars in their own theatrical ventures.

\$100 Reward, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution. Nature is thus assisted in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

BRIGHAM HERE TOMORROW NIGHT

Noted Singer and Lecturer Should Be
Greeted by a Crowded
House.

The entertainment of the season will be given tomorrow evening at Court street M. E. church. Nat. M. Brigham will lecture on the subject The Land of the Snake Dance. This lecture will be illustrated with superb colored stereoscopic views. The evening will be largely given to song. Mr. Brigham is considered the prince of ballad singers. We give a few local testimonials from some of our singers who have heard him:

Mr. Nat Brigham has a beautiful voice and sings in splendid good taste.—George G. Paris.

It is seldom that one hears such a beautiful lyric tenor voice as Mr. Brigham has. It is a rare voice and Mr. Brigham fully understands the art of using his beautiful voice.—Mrs. Christine P. Hawley.

Mr. Nat M. Brigham is a most pleasing speaker and one of the sweetest tenor singers I have ever heard. His tones are full and round and his enunciation is almost perfect. No one should fail to hear him, as he is an artist of more than ordinary ability. I heartily recommend and endorse him.—Ed. O. Smith. Admission 25 and 15 cents. Remember the date, Friday night.

St. Louis Coffee-House Burned.

St. Louis, May 2.—The building occupied by the Roth-Homeyer Coffee company, at 200 South Eighth street, is almost completely destroyed by fire, entailing a loss of about \$75,000. Several thousands of dollars' damage to the stock of the Oliver Wall Paper company, adjoining, resulted, mostly from water.

Grain Elevator Burned.

Carbondale, Ill., May 2.—The elevator owned by the Carbondale Milling and Elevator company, with 78,000 bushels of wheat, was destroyed by fire today, entailing a loss of over \$60,000. The grain was nearly fully insured.

Ends Spree by Suicide.

St. Louis, May 2.—Thomas Brennan, a saloonkeeper, 29 years old, who has been on a spree for two weeks, drove his customers out of his place today, wrecked the furniture of the barroom, shot himself in the head, and fell dead.

Will Ship \$1,000,000 in Gold.

New York, May 2.—Lazard Freres will ship \$1,000,000 on the French steamer sailing tomorrow.

"I Advise

All women who suffer
from chronic diseases
to write to Dr. Pierce."

That advice is based upon practical experience. After suffering for months, and finding no benefit result from the treatment of the local physician, Miss Belle Hedrick wrote to Dr. Pierce for advice. She acted on the advice, regained her appetite, recovered her strength, and gained several pounds in weight.

"Write to Doctor Pierce" is good advice for every woman to follow. It costs nothing. Dr. Pierce invites sick women to consult him, by letter, free. Address Dr. R. V. Pierce, Invalids' Hotel and Surgical Institute, Buffalo, N. Y.

In a little over thirty years, Dr. Pierce, assisted by his staff of nearly a score of physicians, has treated and cured over half a million women.

"I suffered from female weakness for five months," writes Miss Belle Hedrick of Nye, Putnam Co., W. Va. "I was treated by a good physician, but he never seemed to do me any good. I wrote to Dr. R. V. Pierce for advice, which I received telling me to take his 'Favorite Prescription' and 'Golden Medical Discovery.' I took thirteen bottles of 'Favorite Prescription' and eight of 'Golden Medical Discovery.' When I had used the medicine a month my health was much improved. It has continued to improve until now I can work at almost all kinds of housework. I had scarcely any appetite, but it is all right now. Have gained several pounds in weight. I advise all who suffer from chronic diseases to write to Dr. Pierce."

VITAL MAGNETISM

Greatest Curative Agent of the Day.

PROF. FUNK

The treatment of disease by Magnetism is not a new method of treatment, having been used a great many years ago. Yet through scientific research of recent years it has been brought to that state of perfection as to be the greatest curative agency of the century. It makes no demands on the vitality of the patient, but enlists the curative powers contained in the body, which readily respond when properly appealed to. Under magnetic treatment pain is suppressed, functions normally restored, secretion encouraged and Nature, through the influence of the magnetic power, permitted to be the healer.

Prof. Funk is particularly successful in all cases of rheumatism, neuralgia, constipation, flux, chronic diarrhoea, paralysis, dropsy, heart disease, asthma, dislocations, general debility, short and difficult breathing, lumbago, kidney disease, headache, catarrh, roaring in the head, female diseases, atrophy of limbs, fever or coldness of any part, etc. A very few treatments always gives relief and a continuation of the treatments a permanent cure. Incontinence of urine or bed-wetting is quickly and permanently cured by magnetic treatment. Children or adults will find in magnetism a speedy relief from this annoying habit.

Prof. Funk treats all manner of disease without the use of medicine, surgery or mechanical appliances of any kind. He cordially invites all who are suffering to come and see him. He treats all honestly. If he cannot help you he tells you so and gives everyone the benefit of examination and consultation absolutely free.

STRIKES IN MANY CITIES

Walkout of Union Men of Varied Crafts.

EIGHT-HOUR DAY IS ASKED.

Building Trades Most Affected, the Employees Demanding Increases in Pay—Big Plan of Machinists—Wholesale Walkout of Cooks.

Chicago, May 2.—May day strikes of union workers in all parts of the country were numerous, although there was no general walkout in any line of skilled labor. In nearly all cases the points at issue were local differences respecting hours or wages. The eight-hour and Saturday half-holiday movements showed gains in strength, many unions insisting that the shorter day be granted at once. The one strike most menacing is that of the machinists at Buffalo, N. Y., where a nine-hour day, with no decrease in pay, was demanded. It is claimed that this fight will be taken up by the local organizations throughout the United States, Canada and Mexico, and that a general walkout is likely on May 20.

Building Trades Most Affected.
Building trades are most affected by the strikes, carpenters, plumbers, plasterers, bricklayers, masons and others in kindred lines in many cities making demands that their employers think too great. Their requests varied among increases in pay, shorter hours, reduction in the number of apprentices and recognition of the union. The cases where the employers acceded to the requests of the workers after a strike was declared were not numerous, although many granted all asked or reached a satisfactory compromise before the day fixed for a settlement arrived. At Bridgeport, Conn., the master builders have acceded to the demand of the carpenters, bricklayers, plasterers and stonemasons for an eight-hour workday, the carpenters to be paid 35 cents an hour and the others 45 cents. Some of the more important strikes inaugurated yesterday were the following: Buffalo, N. Y., machinists; Elizabeth, N. J., bricklayers and masons; Yonkers, N. Y., bricklayers, plasterers, stonemasons and hodcarriers; Waterbury, Conn., carpenters and joiners; Rochester, N. Y., painters; Lowell, Mass., carpenters; Portland, Me., building trades; Sharin, Pa., plumbers; Columbus, O., carpenters; East Liverpool, O., plumbers; Youngstown, O., plumbers and plasterers; Wapakoneta, O., linemen and grounders; Indianapolis, Ind., plasterers and plumbers; Grand Rapids, Mich., plumbers; Holland, Mich., bricklayers; Telluride, Colo., miners; Helena, Mont., smelters; San Francisco, cooks and waiters.

Many Demand Eight-Hour Day.
In the above strikes the eight-hour day is the chief issue in Waterbury, Conn., Rochester, N. Y., Lowell, Mass., Columbus, O., and Youngstown, O. Twenty-two hundred union cooks and waiters in San Francisco struck because Restaurant Keepers' association would not sign the union agreement for shorter hours and increased wages.

MANY BODIES FOUND FROZEN.
Miners from Nome Report That 200 Men Are Missing.
Port Townsend, Wash., May 2.—H. T. Reed and B. E. Dyer arrived from the north today on the steamer Victorian, having left Nome Feb. 1, and made the trip up the river, 2,000 miles in dog sleds, in fifty-two days. The travelers report that during the entire winter about 200 men who joined stampedes to scenes of reported strikes are missing and some bodies have been found frozen. They report rich strikes in the Kinksock country and also in the Bluestone district. Goldpan and Alder creeks, in the latter district, have yielded from 50 cents to \$15 to the pan.

SUCCESSOR TO MRS. EDDY.
Kansas City, Mo., May 2.—Mrs. Mary Baker Eddy is quoted in New York dispatches as saying that her successor as head of the Christian Science church will be a man. Kansas City Scientists are convinced that the candidate is Alfred Parlow, formerly a reader in one of the Kansas City churches, now chairman of the board of publications of the Church of Christ Scientist. Mr. Parlow has risen very rapidly in Mrs. Eddy's organization. He was a healer in Topeka before he came to Kansas City.

Deep Cut in Print Cloths.
Fall River, Mass., May 2.—Another deep cut in the prices of print cloths was made by the selling committee this afternoon. The Eddystone print works bought 125,000 pieces at 29-16 cents a yard, a figure 3-16 cents below any recent sale of regulars. It was the largest sale that has been made in many weeks, but it seems small in contrast with the stock of goods on hand, which is variously estimated from 1,500,000 to 2,000,000 pieces.

Mrs. Leslie Carter Is Ill.
Louisville, Ky., May 2.—Mrs. Leslie Carter is on the verge of a nervous breakdown, brought on from overwork. Throughout the whole of the closing performance of her engagement at MacAuley's theater Mrs. Carter continued to act with her temperature at 104 degrees. Immediately after the performance Dr. Stucky was called to the star's dressing room. He pronounced her case serious and stated that Mrs. Carter was in need of immediate rest.

THE GATES ARE NOW OPEN.

The Pan-American Exposition at Buffalo Is Inaugurated.

Buffalo, N. Y., May 2.—The gates of the Pan-American exposition were thrown open at 8 o'clock, and notwithstanding it had rained all night and the weather conditions were threatening, large crowds were gathered at each of the gates, and as the morning brightened the various routes to the grounds were well patronized by those who desired to be at the opening.

No ceremonies marked the opening of the gates, it having been decided by the management to combine the opening day ceremonies with those of dedication day, May 20. The change in the date, however, did not cause a moment's relaxation of the strenuous efforts being put forth by every one connected with the exposition to have everything as nearly ready as possible for today's opening. The appearance of the buildings and grounds this morning bore ample evidence of their efforts. Storm and the inevitable delays incident to any undertaking of this magnitude made impossible the realization of the hope that this might be the first of the great expositions to be completed on its opening day.

The controversy between those who want the Pan-American exposition open on Sunday and the sabbatarians, it is expected, will reach a crisis at a meeting of the ministers of Buffalo. The sabbatarians threaten to get out a supreme court injunction requiring the board of directors to close the fair on Sundays.

Going to Build

Whether you contemplate building at an early date or not, you should have a copy of "BAKER'S TWENTIETH CENTURY HOMES." It is the most complete book of Architectural Designs published.
Nearly 150 pages, printed on heavy enamel paper. It is not a theoretical book. Every design shown is from the actual working plans of buildings that have been erected under the direction of our supervising architect. Consequently it is practical in every respect.
It embraces subjects from an attractive cottage at a few hundred dollars to a modern, up-to-date residence, costing many thousands of dollars.
The descriptions are complete and easy to understand; in fact it is an ideal book of practical, up-to-date designs and intelligent descriptions.
The regular price is \$2.00 but we would like to present you a copy free of charge. If you could call at our office we would take pleasure in presenting you a copy free of charge. As this is not possible, we will send you a copy by express, charges prepaid upon receipt of only 25¢, to cover cost of transportation.

SODOM AND GOMORRAH.

Dr. Parkhurst of New York is reported to have said recently, that if Sodom and Gomorrah were located near, he would take up his residence there rather than to live in New York. The thought was doubtless suggested to the reverend gentleman by the "Hell and Texas" sentiment that has long made Texas a byword. Dr. Parkhurst is a reformer of the radical type, and he will never find any place quite good enough for a residence, this side of heaven.

New York, like every other city or community, is just as good as a majority of the people care to have it, and no radical reform will ever make it any better.

Public conscience is a peculiar thing to deal with. It lacks personality, and is always a safe thing for reformers to attack, because it never talks back. If Dr. Parkhurst has reached a point where he feels that he is too good to live in the city of New York, he has passed the period of his usefulness, and had better move on.

If he remains, and has a church clientele that he can influence, it will pay him to join forces with the other clergymen of the city, and work unitedly for the elevation of morals in the field that is always crowded with opportunities.

The way to reform city government is to remodel it, not by attacking its weak points, but by commencing at the foundation and rebuilding it.

The churches and the law loving citizens of New York, or any other city, can control municipal government, not by denouncing vice, but by intelligently assuming the responsibilities of citizenship and controlling government in every department.

The city that a man calls his home ought to be considered the best city on earth. The man who poses as a reformer is just a step removed from a kisser, and the influence of one is about as valuable as the other.

What good people of the Dr. Parkhurst stripe need—and they are found in every community—is a liberal installment of good, common sense.

Chicago has 100,000 of these good people, who were too good to vote at the last spring election. It is safe to say that New York has an army of the same class of cripples, and the infirmity is largely due to the teachings of such men as the erratic doctor who imagines that he would rather live in "Hell than Texas."

The world hasn't very much use for that sort of sentiment, and the man who expresses it freely, is too disloyal to carry much weight as a citizen.

NATURE'S STOREHOUSE.

The oil discovery recently made in Texas, and that is just now causing so much excitement, is another evidence of the fact that an all-wise Creator provided amply for the wants of humanity.

As the forest disappears, iron and steel take the place of timber in structural work, and oil succeeds wood as fuel. Electricity is bottled up and becomes a motive power, to meet the demands of civilization, and what the near future may reveal in the way of new discoveries, no man can predict.

The population of Texas can be doubled many times without inconvenience, and the oil discovery will turn the tide of immigration in that direction.

Nature furnishes the raw material, and the hand of intelligent civilization converts it into useful product, and the old earth stands the drain without complaint. When one resource is exhausted, another develops, and as time advances the new discoveries uncover the old reservoirs that for ages have been accumulating.

Nature's storehouse is a wonderful receptacle. The man who fails to appreciate it, is hardly worthy of a place in this age of progress.

WHAT WILL THEY DO?

Mr. Hill of New York says that he will not be a candidate in 1904; Mr. Cleveland has expressed about the same opinion; Mr. Bryan is quite busy with his Commoner, and the elephant is growing on his hands so fast that he says he won't have time to be president, so that, take it all around, the question of "What will they do?" is becoming quite serious. Of course, Tom Johnson of Cleveland might be induced to take hold, or possibly Gorman of Maryland, Mayor Harrison of Chicago or perhaps Mayor Rose of Milwaukee might be in it.

There are large possibilities for the democratic party in 1904, but some man ought to be in training to gather the scattered forces. It is rather a bad omen when the leaders of the party get tired so early in the game. There may be a Moses somewhere in the rushes, not yet discovered.

When the Milwaukee Journal gets

the Wisconsin press in line, will it kindly suggest a candidate?

The death of Senator Fearn came as a shock to the legislature, as well as to his friends. The senator was a genial man, quiet and unassuming, but possessing good judgment, and enjoying the confidence of his wide special constituency. His sudden death causes some delay in legislative business, and final adjournment may not be reached before May 18.

George D. Herron will soon be out in the cold so far as church association is concerned. He will not be tried for heresy, but for immorality. It would be difficult for a man of his peculiar idea of morals to be a heretic. His religious belief would be so harmless, that people would be obliged to look twice to discover that he possessed any.

The proposed tax on Wisconsin ice is already affecting the Chicago market, and dealers are advancing prices to meet the anticipated extra cost. The senate will do well to kill the crazy measure at the first opportunity. Wisconsin cannot afford to be a party to that sort of fool legislation.

There seems to be no doubt that Europe fears intrusion by America in its plans for a world policy. America has shown the way for civilization both in her Spanish war and in the Chinese imbroglio, and her progressiveness is both embarrassing and formidable.

The mass meeting at Matanzas Monday proves that the Cubans have some interest in the country, and are at last plucking up courage to make themselves heard.

The sentiment of expansion is evidently strong through the south, if we are to judge from the cheers which greet the president when he refers to it in his speeches.

Prince Kropotkin should be reminded that Russia has gone forward while he has been absorbed with doctrines of anarchy.

STUDENTS' DEBATE AT HIGH SCHOOL

Appleton Versus Janesville at the High School Auditorium Tomorrow Evening.

Holbrook Stark, Arthur Kuehnsted and Willard Van Heuklon will represent the Appleton high school in the debate with the Janesville school in the high school auditorium in this city tomorrow evening. They will speak in the order named and will present the affirmative side of the question: "Resolved, That China should be partitioned."

The representatives of the local school will be Harry Kirkland, Frank Holt and Walter Smith, who will present the arguments on the negative. Both sides have been preparing for some time and the debate should be spirited and interesting. The judges will be E. D. Coe, United States pension agent of Milwaukee, Assemblyman Stevens of Madison and Ernest Warner of Madison.

The Appleton delegation will arrive in the city this evening. The debate should attract a large audience of those interested in school affairs. An admission fee of twenty-five cents will be charged to cover the heavy expenses of bringing the Appleton delegates to this city and entertaining them. This is the first event of the kind ever held at the local high school.

UNION MEN QUIT MILITIA.

To Avoid Possible Military Duty in the Future.

Norfolk, Va., May 2.—All members of the Brewers' Unions belonging to the Seventeenth regiment of Virginia infantry resigned their commissions last night, giving as their reason that they either had to give up the military or surrender their situations.

All labor organizations in Virginia will take the same stand and require their members to retire from the military.

A supreme movement is on, backed by the Federation of Labor, for an eight-hour working day, and the Federation, it is reported, desires to place its members in a position where they will not be called on for military duty should a conflict ensue between capital and labor.

SEIZED CITY PATROL WAGON.

Police Vehicle Recaptured and Complications Follow.

Janesville, O., May 2.—To satisfy a judgment against the city, which counsel had neglected to pay, Attorney S. M. Winn secured from the Common Pleas Court an execution under which the sheriff seized the city's patrol wagon and team yesterday afternoon. They were put in a local livery stable. Mayor J. L. Holden thereupon summoned a force of police, invaded the stable, recaptured the outfit and returned it to the patrol station. Later, on meeting the sheriff the mayor is alleged to have cursed the court. This morning Judge Frazier named a commission of attorneys to report where the mayor and patrolmen are in contempt. Meanwhile the police are holding and using the wagon.

Bank Ventrer Adjudged Insane.

Muskegon, Mich., May 2.—Richard Barrett, teller of the Lumbermen's Bank and prominent as a society man here, was adjudged insane yesterday.

MARTINELLI WAS CLOTHED IN RED

Roman Catholic Prelate Assumes the Berretta Sent to Him by the Pope.

Washington, May 2.—Cardinal Martinelli put on the red hat sent him by the pope at a special ceremony which was held in the chapel of the cathedral yesterday. It was a private function attended only by local and visiting prelates. Cardinal Martinelli took the prescribed oath to support the pope's temporal power.

The ceremony practically concluded the process of making Monsignore Martinelli a prince of the church of Rome. He was clad in red from head to foot. His robe was read, his underwear was red, his stockings were red, his slippers were red.

The robe which he wore cost upward of \$1,000 exclusive of the lace trimmings which were presented to the new cardinal by friends in Washington and Baltimore, and which are estimated to have cost between \$1,000 and \$1,500 additional.

IN THE MYSTERY OF DEATH.

Miss Maude Dwyer

A life of bright promise was cut short this morning at 10 o'clock, when Miss Maude Dwyer was called to answer the final summons. Her death occurred at her home, 152 South Franklin street, after an illness of about ten days, with pneumonia. Miss Dwyer was eighteen years of age, and was a young woman of lovely character. She had many friends, who will deeply mourn her death. Her mother preceded her to the land beyond the grave on the 19th of last December, and deceased leaves two sisters and two brothers, Misses Cora and Maggie Dwyer and Daniel and Joseph Dwyer. She was a niece of D. Ryan of this city, and of Mrs. P. W. Meehan of Beloit. Funeral services will be held Saturday morning at 9 o'clock from St. Patrick's church.

Funeral of Mrs. Preller.

The remains of the late Mrs. Chas. Preller were tenderly laid at rest today in Oak Hill cemetery. The Rev. J. T. Henderson conducted the service at his home which was of a touching character. The burial services at the grave were conducted by the Daughters of Rebecca. The pall bearers were G. Evenson, Henry Rogers, Charles Brown, Ezra Dillenbeck, S. Kenyon and F. H. Bidwell.

Mrs. Jane Hollins.

Mrs. Jane Hollins died at her home, No. 7, Prospect avenue early this morning. She has been ill with a cancerous disease for a long time. She leaves a husband and one son. The funeral will be held at 2 o'clock tomorrow, the Rev. W. W. Woodside officiating. Interment at Oak Hill. Mrs. Hollins lost her father and mother several months ago, both being over 85 years of age.

Notice To Contractors.

Sealed proposals will be received at the office of Evans & Morris, architects, 429 Hayes block, until Wednesday, May 8, 1901, for carpentry work on Janesville Canning Co.'s building. Bids to be opened at eight o'clock. The plans and specifications can be seen at above office.

Lawson Going Abroad.

Boston, Mass., May 2.—Thomas W. Lawson, with his wife and family, will sail for Europe May 18. Mrs. Lawson's illness is the cause of this sudden change in his plans. In spite of the fact that he is expending \$150,000 on the cup yacht, the Independence, he will leave the craft in the charge of others and be at his wife's side.

Medical Society Meets.

Pana, Ill., May 2.—The twenty-seventh annual meeting of the District Medical Society yesterday elected officers as follows: President, Dr. T. L. Gatherwood of Shelbyville; vice-presidents, Drs. E. J. Brown of Decatur and G. W. Fringer of Pana; treasurer, Dr. J. H. Miller of Pana; secretary, Dr. C. R. Spicer of Taylorville.

Turkey Prepares for Trouble.

Constantinople, May 2.—This city has not been so full of signs of war since the end of the war with Greece. The military authorities are most active in consequence of an order to prepare for eventualities. Heavy reinforcements have been sent to Macedonia, and fortifications are being built on the Bulgarian frontier.

Anniversary Celebration.

At the South Bluff street home of Mr. and Mrs. John Rutherford yesterday afternoon occurred one of the most enjoyable gatherings of the season. It was in honor of Mrs. Rutherford's eighty-second birthday.

Having been a resident of this city but a short time, only a few intimate friends, beside the Misses Quis of Watertown, were present. The hostess was presented with many dainty and pleasing souvenirs, one of the most admired presents being a birthday cake decorated with similar and sweet peas, which was sent by friends from Watertown, her old home. A tempting luncheon was served at 5 o'clock.

Card of Thanks.

We desire to express our gratitude and heartfelt thanks to neighbors and friends who so kindly and sympathetically assisted us and generously remembered us during our late sad bereavement. W. J. MINTYRE. HENRIETTA A. MINTYRE.

DISPOSED OF MANY PIANOS.

Sale of S. C. Burnham & Company Will Continue Until Saturday.

Highly successful has been the 20 per cent. reduction sale on high grade pianos inaugurated by S. C. Burnham & Co. Several makes have been disposed of by the gentlemanly agents employed. The Groves-Barnes company of Madison are represented here by S. C. Burnham & Co. This Capitol City firm are hustlers in all that the word implies and their method of soliciting trade has made for them a host of friends in Janesville and vicinity.

THOSE FAMOUS \$2.98 SALES.

Brown Bros. Will Again Benefit the Local Public.

Next Saturday Brown Bros. of this city will again inaugurate another of their famous \$2.98 sales. This means that you have your choice of any pair of shoes in their store at \$2.98. Extra clerks have been engaged and a busy day is ahead for this enterprising firm.

Build a Sidetrack.

A sidetrack has been built from the Jones warehouse to the Windsor hotel by the Chicago, Milwaukee & St. Paul railroad across the property recently purchased by them for freight purposes. Where the track crosses Prospect avenue it is about two feet below grade. This is objected to by ex-Mayor Thoroughgood, and Supt. P. C. Eldredge and Supt. of Construction A. D. Campbell have been looking the ground over to see what could be done to remedy the defect. The work on the freight house will be commenced as soon as the material arrives. The ground has been all leveled off ready for the foundations.

Silk Waists, the Nobby Kind.

The headquarters for silk waists once again affords an agreeable surprise in the unusual in dainty silk waists—unusual in assortment in style, in grace, in fit, in diversity of shades and coloring and in the general air of dainty dressiness that distinguishes them from the common order—and last, but really the first thing that excites wonder is how so much prettiness can be sold at the prices we mark them—Colors: black, white, pink, blue, old rose, lavender and grey, sizes 32 to 44—\$5.00.

Unprecedented Selling in the Cloak Department.

We are reaping the legitimate results of months of careful thought and selection. No question about our display being the leading one of this season, and the very large business being done is the best evidence that we show the styles that "take." Have just added to the Suit line about forty medium priced ones ranging from \$7.50 to \$15.00 and for inexpensive outfits they are especially good values.

Children's and Misses' Jackets.

Any mother could profitably spend an hour looking through the line for the little ones. Nobby Jackets at \$1.50, \$2.25, \$3.00, \$3.50 and \$5.00; they save the worry and fret of home sewing. A special in Misses' Jackets is one of Tan, Castor, Covert and Red, sizes 12, 14, 16 and 18 years lined throughout with silk remain lining, for \$5.00.

COOPER HAD THE FRONT CHANGED FROM DODGE TO FRANKLIN STREET

Error in the Plans of the New Postoffice Happily Corrected—Plans Will Arrive About July 1—An Imposing Front Elevation Provided.

Congressman H. A. Cooper in an interview with a representative of The Gazette at Racine yesterday stated that the plans of the new postoffice would arrive here about July 1. The building will be of brick and terra cotta work and will be a handsome structure. The front elevation, facing Franklin street, shows six large columns the entire height of the building which gives it an imposing appearance.

Just before Mr. Cooper left Washington he had occasion to go into the architect's office and examined the plans for the building. He found that the front elevation of the building was facing Dodge street. He saw at once that this was wrong and had the front changed from Dodge to Franklin.

The building itself will cost about sixty thousand dollars, the balance of the appropriation, fifteen thousand and will pay for the site and the incidental expenses.

Mr. Cooper feels certain that the plans will be here in time to have the work on the building started this fall. The work of removing the buildings from the lots is progressing and they will be clear of obstructions by the time the successful bidder for the work is ready to begin on the contract.

The raising of the appropriation for the building, and site from fifty to seventy-five thousand dollars has given Janesville a much better building than was at first planned. The extra appropriation was secured through the efforts of Mr. Cooper to whom the citizens of Janesville should feel justly thankful.

MISS AMY BOWLES WON THEATER BOX

WILL SEE "SHE STOOPS TO CONQUER" WITH 579 VOTES.

Abbie Atwood Was Second, and Miss Sarah Hickey and Miss Lizzie Harris Third and Fourth—The Contest Creates a Lively Rivalry—Figures in Final Count.

Miss Amy Bowles by the votes of her many friends secured the theatre box offered by The Gazette for Stuart Robson's production of "She Stoops to Conquer." 579 coupons are credited to Miss Bowles. She was followed by Miss Abbie Atwood with 508 votes while third and fourth choice were Misses Sarah Hickey with 351 and Miss Lizzie Harris with 329 votes.

The contest has created a very lively and at the same time friendly rivalry, the friends of the different contestants have worked hard and coupons have been in great demand. The greatest interest was developed yesterday and today, hundreds of votes that had been withheld were showered into The Gazette office, and a steady stream of people kept the office force busy sorting and counting coupons.

Miss Bowles is to be congratulated on her popularity as are all of the other contestants. The many friends who so valiantly worked for the success of their favorite will be accorded the hearty appreciation of each contestant.

The voting closed at twelve o'clock noon today and the coupons were counted over three different times to make correctness and certainty.

The following figures show the final count:

Miss Amy Bowles.....	579
Miss Abbie Atwood.....	508
Miss Sarah Hickey.....	351

Hurt in a Fall from a Horse

Thomas Riley, Jr., the thirteen year son of Thomas Riley, who resides at 206 North street, was badly injured shortly before 6 o'clock this morning by being thrown from a horse. He was riding. He was picked up and carried into the Arcade hotel, and Drs. Woods and Gibson called and made him as comfortable as possible. At 1 o'clock the patrol was called and some of the fire police assisted in removing him to his home.

For style, fit and durability no better ladies' shoe was ever offered the public than the famous Queen Quality. We are exclusive agents. Our large delayed shipment has arrived. The factory where Queen Quality shoes are made runs day and night. Amos Rehberg & Co.

Another amputation was found to be necessary to save the hand of Edward Poenichen, who had part of his finger amputated some time ago on account of blood poisoning. The first amputation did not accomplish the desired results so a second one was made yesterday and the finger taken off at the knuckle.

In the death announcement of Joseph Kelly, which appeared in last evening's paper, it was given that two sisters, Mrs. Kate Marshall and Mrs. Wm. T. Healy of this city, survived him. These ladies are cousins. His only sister, Mrs. Lizzie Wagner, lives in Chicago. His parents, and three brothers, John, Matthew, and James Kelly, also reside in Chicago.

NEW TIME TABLE ON SUNDAY, JUNE 1

FORMAL OPENING OF JANESVILLE & SOUTHEASTERN.

Every Effort is Being Made to Get the Roadbed in Shape By That Time—Party of Milwaukee Officials Inspect High Street in Relation to the Depot Site.

High street was given an inspection yesterday by some of the high officials of the St. Paul road, and a number of plans in regard to the proposed passenger station were discussed. No definite decision was reached by the party while here but it will be gone over thoroughly by the officials of the road and possibly it will be located in some other part of the city.

The special arrived here about five o'clock last evening and came over the Janesville and Southeastern railroad, which was inspected by the party which consisted of President A. J. Eearling, General Manager H. R. Williams, Assistant Manager W. J. Underwood and Traffic Manager J. H. Hyland.

They were met here by Supt. P. C. Eldredge and after a brief inspection of the land near the station went on to Iowa on a business and inspecting tour.

While here they gave out that the new time table for the Janesville & Southeastern would go into effect on Sunday June 1st and trains would be run over road on Monday, June 2nd. Every effort is being made to get the road bed in first class shape by that time. Already two dumps of gravel have been used in ballasting up the track and a third dump is now being distributed in order to make the road bed perfect.

The Royal Arcanum lodge of this city are planning an excursion over the new line to Long Lake or Fox Lake soon after the road is opened. Both of these are beautiful lakes with fine picnic grounds belonging to the company and will be popular resorts for people from this city during the summer.

SURPRISE FROM DEFENSE

Plan of Eastman Is Unfolded by Testimony.

STYLE OF REVOLVER USED.

Counsel Indicates Plan of Attack on State's Testimony as to the Bullet with Which Grogan Was Killed—Genuineness of the Bullet.

Cambridge, Mass., May 2.—Lawyer Samuel J. Elder of counsel for the defense in the trial of Professor Charles Eastman to-day caused a profound sensation. It came about in a quiet and unexpected way that added greatly to the astonishment of the prosecution. Professor Wood, the famous chemical analyst, had laboriously gone through a mass of detail to demonstrate that tin in the lead. Then Dr. William N. and claimed to be the one that killed Grogan came from a center fire cartridge. Professor Wood determining this fact by the finding of a slight alloy of the bullet produced by the prosecution. Whitney, director of the anatomical museum of Harvard, identified some of the lead dust made by the saw that was used at the autopsy and taken from Grogan's body on Jan. 2. This lead dust came from a center-fire bullet, this fact being found by chemical analysis.

Admission Causes Shock.

Next was called James W. Clark of Springfield, Mass., a firearms expert. Attorney General Knowlton started in to prove by a long and intricate series of questions that the bullet produced is a center-fire bullet, and he had spent half an hour in this endeavor when Mr. Elder interrupted the proceedings by quietly remarking: "Perhaps we can relieve the attorney general of some trouble. We agree that the bullet produced by Inspector Murray is a center-fire bullet. We also agree that this bullet is rifed as a center-fire barrel would rifle it." For a few minutes people in the courtroom, including the prosecuting lawyers, did not realize the entire meaning of this admission by the defense, and looked amazed. Then Mr. Elder's exact phraseology dawned upon them, and it was noted that he had said "the bullet produced by Inspector Murray."

It is more apparent than ever now that the defense will vigorously attack the genuineness of the bullet the prosecution has spent so many hours in getting properly before the jury and make that attack its main line of defense. Its contention will probably be that the original rim-fire bullet taken from Grogan's body has been carried about the country so much, been handled by so many persons having slight interest in this case and subjected to so many tests and examinations, as well as used as a model to make other similar looking bullets, that there has been abundant opportunity for either willful or accidental substitution. The defense will continue to pin its defense on the assertion of Eastman that Grogan was killed by the old-fashioned rim-fire revolver, and not a modern center-fire weapon.

Iowa Village Destroyed.

Des Moines, Ia., May 2.—The village of Kensett, in Worth county, was destroyed by fire last night. Fourteen buildings were burned, and the total loss is estimated at \$20,000. The principal losers are E. F. Tucker, liveryman; Fuller & Son's icehouse; Edward Edwards' restaurant; Knotson's blacksmith shop; Lundquist's hotel; Gardner & Gullikson, implement dealers; Eckert & Williams, elevator; Farmers' Mutual elevator; Kensett News office, and Roebuck's store.

Nurse Inherits a Fortune.

South Bend, Ind., May 2.—Esther Costello, who is employed as a nurse in this city, is heir to a fortune of \$500,000. When 15 years old she eloped from Key West and married Don Carlos Costello, who died six months later. She entered the University of Michigan and was graduated but was compelled to seek employment as children's nurse. By the death of Martinez Del Pin Costello, the "South American Diamond King," she inherits a large fortune.

Indians to Join G. A. R. Post.

Sioux City, Ia., May 2.—General Hancock Post, G. A. R., of this city, appears in a fair way to have the distinction of honoring four Indian veterans. Applications have been made by four Winnebagoes, whose homes are on the agency near here in Nebraska, and the record of each is found to have been good. They served in the civil war, fighting loyally on the Union side.

To Hang for Murder.

Danville, Ky., May 2.—Eugene Montgomery has been found guilty of the murder of his 4-year-old daughter in order to get \$35 life insurance. He has been sentenced to be hanged.

Ship Free from Yellow Fever.

Victoria, B. C., May 2.—H. M. S. Condon, which arrived Sunday did not have any yellow fever on board, all patients having been landed at Panama. One slight case occurred after the vessel left Panama. The vessel is still in quarantine.

W. H. Mills Weds a Singer.

Springfield, Ill., May 2.—William H. Mills of Chicago and Miss Maude Wellman, a well-known singer of this city, were married at the residence of the bride's parents, Mr. and Mrs. Frank W. Wellman.

MR. REID HURT IN WRECK.

New York Editor and D. O. Mills in Collision.

Emigrant Gap, Cal., May 2.—In the darkness of the smoke and the sheds a Raymond excursion train ran into the rear end of the limited train No. 2 at Yuba Pass, four miles east of here. The private car of D. O. Mills was on the rear of the limited and was badly damaged. Fireman James Saunders was instantly killed and several passengers and men of the train crew were slightly injured.

Dr. O. Mills and his granddaughter and Whitelaw Reid and wife had just seated themselves at the dining table in the rear of their car when the crash came. All were more or less bruised and scratched, but none was seriously injured. Whitelaw Reid received an ugly cut in the face.

The limited had struck a rock in the sheds and was delayed until the second section caught up. Saunders was crushed between the tender and engine. The tender of the second engine was also driven up into the cab. The baggage car climbed over the rear tender and shot up against the roof of the snow shed, knocking down a section of the shed.

Conductor Grant was in the baggage car and was thrown through the door, but is unhurt. Many passengers on the limited and on the excursion train were badly injured. The limited abandoned D. O. Mills' private car and proceeded eastward. The Raymond excursion train, with the exception of the baggage car, is held here.

Ireland Confers with Root.

New York, May 2.—Evidence that the Philippine trouble is rapidly drawing to a close, says a special to the Tribune from Washington, is found in the fact that Archbishop Ireland has been in Washington for two or three days, and has held several conferences with Secretary Root. From the beginning of the negotiations looking to a settlement of the church questions Archbishop Ireland has been the representative in this country of the Vatican.

Peters for Pension Office.

Madison, Ind., May 2.—Judge Samuel S. Peters of Newton, Kan., has been selected by President McKinley for commissioner of pensions upon the expiration of the Evans term. This is credible news, as Peters wrote to Rev. W. W. Snyder here, accepting congratulations. Peters is an old soldier himself and naturally in sympathy with old comrades.

James Sheldon and son Harry of Beaver Dam were in the city to attend the funeral of Mrs. Charles Preller.

OFFICIAL NOTICE.

Published by authority of the Common Council of the City of Janesville.

Office of the City Clerk, Janesville, Wis., May 2, 1901.

To Whom It May Concern:

Notice is hereby given that the following is a copy of a proposed ordinance introduced at a regular meeting of the common council of the City of Janesville, held at the council chambers, in said city, on the 28th day of April, 1901, and that said ordinance was considered and acted on by said common council at a regular meeting thereof, to be held in said council chambers on the 18th day of May, 1901, at 8 o'clock P. M.

A. E. SADOER, City Clerk.

An Ordinance to provide for the issue and sale of certain bonds for city hall and library buildings and for the annual tax levy to pay for the same.

The mayor and common council of the City of Janesville, do ordain as follows:

Whereas, in the judgment of the common council it is expedient and necessary that the city of Janesville raise money to pay for the erection and construction of a city hall, the purchase of a site for the same and the purchase of the land on which the same shall be erected, and to issue one hundred and thirty bonds of the City of Janesville, in denominations of five hundred dollars each, as above authorized, bearing interest at the rate of four per cent. per annum and payable annually on the first day of November in each year, commencing on the first day of November, 1902, with principal and interest payable at the office of the treasurer of said city, and to be issued in pursuance of and in conformity with the provision of Sections 228-11 to 228-13 inclusive, of the Wisconsin Statutes of 1898, as amended, as follows:

Billsions is a condition characterized by a disturbance of the digestive organs. The stomach is debilitated, the liver torpid, the bowels constipated. There is a loathing of food, pains in the bowels, dizziness, coated tongue and vomiting, first of the undigested and partly digested food and then of bile. Chamberlain's Stomach and Liver Tablets allay the disturbance of the stomach and create a healthy appetite. They also tone up the liver to a healthy action and regulate the bowels. Try them and you are certain to be much pleased with the result. For sale by Peoples Drug Store and King's Pharmacy.

ASK YOUR NEIGHBOR

Hundreds of Janesville Citizens Can Tell You All About It.

Home endorsement, the public expression of Janesville people, should be evidence beyond dispute for every Janesville reader. Surely the experience of friends and neighbors, cheerfully given by them, will carry more weight than the utterances of strangers residing in far away places.

Read the following:

Mrs. S. L. Belden, of 64 S. River St. says: "During two or three years I suffered most of the time with a terrible dragging down pain in my back just over the kidneys. It was very trying when I was at work, and if I did any lifting my bladder became affected, causing me considerable annoyance. I also had attacks of headaches, which seemed like congestion in the top and back of my head. When I read about Doan's Kidney Pills I did not have any too much confidence in them, but my daughter got a box at the People's Drug Co's store and persuaded me to use them. They took right hold and made a wonderful change in my condition. I hardly realized how bad I was until Doan's Kidney Pills brought me relief from the afflictions."

For sale by all dealers. Price, 30 cents. Foster-McMillan Co., Buffalo, N. Y., sole agents for the U. S. Also on sale at King's Pharmacy.

SPECIAL MISSION AT ST. PATRICK'S

It Will Be Conducted By Priests of the
Carmelite Order From
Chicago

St. Patrick's church is to have a mission which will open at the 10:30 o'clock mass Sunday morning, May 12, and will continue for one week closing the following Sunday evening.

The mission is to be conducted by priests of the Carmelite order of Chicago, those in charge being the Very Rev. T. J. Feehan, Rev. Fathers Kehoe and Brennan. They are eloquent speakers and their life of self sacrifice and devotion to religion especially fits them for leadership in spiritual affairs. Much good is expected from the mission.

The program of services will not be definitely decided until the Carmelite fathers have arrived in the city but will be services every day and evening during the continuance of the mission. There will be mass every morning and a lecture each evening.

Many members both of St. Patrick's and St. Mary's churches are taking advantage of the pope's extension of the jubilee privilege which is granted at the beginning of each new century. In cities where there are cathedrals all jubilee pilgrimages are made to them but the rules for Janesville Catholics require them to make four visits daily for fifteen days, two visits to St. Patrick's church and two to St. Mary's church each day. Those who complete the jubilee visits according to the requirements receive the special indulgence, a remission of temporal punishment. The jubilee closes August 9th and the sixty visits must be made before that time. The two churches are open all day until 9:15 o'clock in the evening.

AN EXPERT OPINION ON GOOD ROADS

Recent good roads agitation in The Gazette has brought the following response from a good roads expert in Chicago:

Chicago, April 30, 1901.
Editor of The Gazette, Janesville, Wis.—Dear Sir—I have read with interest an article in your issue of the 22nd of this month on "Good Roads" and note your criticism of the system of street improvements which has been followed by your city. While your purchase of a crusher may have been a non-paying investment, it has given you a good foundation and all you need now to have as good a street as can be built is to spread on top of the foundation you now have a few inches of Baraboo Range Granite and roll it down, when you will have a pavement that is dustless, noiseless, and is good for fifteen years and it will have cost you a minimum amount.

If you consider this idea worth looking up, I will be very glad to go into the matter further with you.

Very truly yours,
CHAS. D. RAY.
It is not so much a good foundation as a good top dressing, that keeps the roads in good shape. This matter of roads has awakened great interest in Rock county and no doubt the results of road building in the future will be much more satisfactory.

"A cup of Mrs. Austin's Wheat Food makes breakfast for seven persons, hence is more economical than any similar preparation."

Outdoor Exercise for Women.

An unusual amount of interest is being taken this spring in outdoor exercises for women. The latest proposal is to have girls' crews which will row in the "Varsity" gigs. This matter has not been definitely arranged yet, but if possible it is hoped that it may be brought about. There will probably be two crews, one from the freshman and one from the sophomore class, and a race may be arranged later in the season. The question of coaches has been brought up, and these will probably be supplied from the available material now in the university. Rowing has been adopted with great success at several of the eastern schools, notably at Vassar and at Wellesley. Milwaukee Downer college also has a crew.

Along other lines the same activity is seen. A cross country walking club has also been organized, and made its first trip yesterday afternoon, going to Eagle Heights. The club meets three times a week at four o'clock and goes in two divisions, each under the guidance of a leader. The bowling club has been organized and bowls regularly in the gymnasium alleys.

In tennis too an unusual interest is being shown. Miss Mayhew says that she has never seen so much interest taken in the game during the four years she has been connected with the university. Six or eight Round Robins of ten players each have been formed and the winners in these will try out for championship. Inter-society games may also be arranged. Miss Macawley is president of the tennis association.—Cardinal.

DOINGS OF THE LAW MAKERS. ILLINOIS.

Wednesday, May 1.
Little doubt is expressed here of final adjournment some time on Friday night. Several important bills, other than appropriation and appropriation, have been gotten out of the way. Many of the appropriation bills will be settled by a conference committee. The measures which stand any show of becoming laws, aside from those above mentioned, are of no particular moment.

Springfield people are intensely interested in a bill making an appropriation of \$50,000 to erect a new building on the ground to be donated by citizens of Springfield. It lies just across the street from the statehouse and is an exceedingly available building site. The bill has passed the house and is in the senate committee on appropriations. The erection of the building would do much to relieve the congested condition of the statehouse because it would make room for a lot of museums and other exhibits.

STUDENTS' DEBATE AT HIGH SCHOOL

Appleton Versus Janesville at the High School Auditorium Tomorrow Evening.

The alumni—high school track and field meet announced for next Friday afternoon at the fair grounds has been declared off and an inter-class contest will be held instead. It was found impossible to get an alumni track team together owing to the fact that so many of the former high school athletes are now working and were unable to get ready for the meet.

The inter-class meet will be held as a preliminary to an interscholastic meet which is to be held at Whitewater Saturday, May 11. It will be participated in by teams from the high schools at Whitewater, Palmyra, Fort Atkinson, Milton Junction, Delavan, Elkhorn, Lake Geneva, Edgerton and Janesville.

The Janesville track team consists of Claude O'loway, captain; Leon Ayers, Channing Kent, Thomas Casey, Edward Barron, Herbert Goldie, Ross Bump, William Ryan, Matthew Roberts, Arthur Ryan, Percy Merrill and Richard Griffiths. Frank Kent is manager of the team.

The Janesville team will also enter a meet with Beloit high school and Beloit academy at Beloit, Saturday, May 18. The admission at the preliminary meet at the fair grounds Friday afternoon will be only ten cents.

Imitators have been many. Thoughtful people have learned that true merit comes only with the genuine Rocky Mountain Tea made by Madison Medicine Co. 35c. Smith's pharmacy; kodak agents, next to postoffice.

Farwell Closes Big Deal.

Vinita, I. T., May 2.—J. V. Farwell of Chicago closed a \$500,000 deal today with E. L. Halsell of Vinita for grazing land and cattle in western Texas. Mr. Farwell sells 150,000 acres of land in Oldham and Hartley counties at \$2 an acre and 7,000 white-face Hereford cows at \$30 a head. Two hundred and fifty thousand dollars in cash was paid to bind the deal.

Wife Accused of Murder.

Brantford, Mich., May 2.—Mrs. Josephine White is in jail here on a charge of having caused the death of her husband by strychnine poison on April 14. The verdict of the coroner's jury, announced today, said: "That White came to his death by strychnine poisoning, which we suspect was administered by his wife."

Thirty-Five Lost in a Fire.

Bombay, May 2.—Thirty-five out of forty-two persons who were working at a cotton press at Amreli, on the Kattywar peninsula, have been burned to death. The remainder were fatally burned. A similar fire has occurred at Khamgaon, province of Berar, resulting in the death of eleven persons.

Mrs. Carolyn Seriously Ill.

San Francisco, May 2.—Mrs. Frank J. Carolyn, daughter of the late George M. Pullman of Chicago, is critically ill at the Women's hospital in this city. An operation for appendicitis was performed yesterday, and while her condition is still serious the surgeons think she will recover.

Treasurer Williamson Ill.

Springfield, Ill., May 2.—State Treasurer Moses O. Williamson of Galesburg is quite ill with fever at the Leland hotel. His wife and daughter were summoned to his bedside and have arrived.

Cubans at Governor's Island.

New York, May 1.—The Cuban delegates visited General Brooke at Governor's Island and were much pleased at their entertainment.

Hint to old Folks.

Old age, like disease, brings infirmities; and with the advancing years come the wasted muscles, the failing strength, the wrinkled visage and uncertain step. In old age the vitality is lowered, the heart beats with a feebler pulse and the blood moves through the body at a sluggish pace. The digestion is easily deranged, the nervous forces are weakened and the resistive powers are greatly reduced. It is then that tonics and strengtheners are gratefully received by the failing body; and when the tonic is combined with a nerve-food and vitalizing principle such as DR. MILES' NERVINE contains, the results are peculiarly happy.

"I am eighty-two years old and for the last twelve years I have not been without Dr. Miles' Nervine in my house. It cured me of nervous prostration, and I have since used it as a tonic for indigestion and tired feeling. It gives such sweet, restful sleep and I feel so refreshed after using it that I value it very highly."

DANIEL LEACOCK, Galesburg, Ill.

Dr. Miles' Nervine

Quiets the irritation, rests the tired brain, stimulates the digestion and puts new life and energy into the entire system. You will feel better if you buy a bottle to-day.

POND'S EXTRACT

There is only ONE POND'S EXTRACT, and everybody knows its purity, strength and great medicinal value. Don't take the weak, watery Witch Hazel preparations represented to be "the same as" POND'S EXTRACT. They generally contain "wood alcohol," which irritates the skin, and, taken internally, is a deadly poison. Get genuine POND'S EXTRACT, sold ONLY in SEALED bottles, in BUFF wrappers.

DR. KEMPSTER HEADS THE LOYAL LEGION

Officers Elected at the Meeting of the Wisconsin Commandery at Milwaukee Last Night.

Milwaukee, May 2.—The annual election and General Charles King's paper on the "Battle of Gainesville" contributed to make last evening's meeting of the Wisconsin commandery, Loyal Legion, one of the best attended of the year. About seventy-five members were present.

The election resulted as follows: Commander, Surgeon Walter Kempster, Milwaukee; senior vice commander, Captain Harry A. Valentine, National home; Junior vice commander, Lieutenant John P. Dousman, De Pere; recorder, Captain A. Ross Houston, Milwaukee; chancellor, Lieutenant Jerome H. Johnson, Milwaukee; chaplain, Captain Joseph W. Sanderson, Milwaukee; council, Harry S. Fuller, Lieutenant Arthur Holbrook, Captain A. P. Foster, Colonel B. F. Parker, Lieutenant William E. Trowbridge.

General King's paper, "The Battle of Gainesville," was a masterly account of the engagement in which General Rufus King's division bore the brunt of the fighting and in which the Iron Brigade, commanded by John Gibbon, lost 40 per cent. of its men killed or wounded. The speaker referred to letters left by General Rufus King and to official reports to prove that he was unjustly criticized for abandoning the field on the night after the battle and retreating towards Manassas.

NEW GOVERNOR IN NEBRASKA.

Dietrich Resigns to Be Senator, Ezra P. Savage Succeeding Him.

Lincoln, Neb., May 2.—Governor Dietrich this morning resigned and was succeeded in that office by Ezra P. Savage. The first official act of Governor Savage was the signing of the senatorial commission for Senator Dietrich. This was done with the pen used by the former governor in writing his veto messages. The pen was formally presented to Senator Dietrich after the commission had been signed.

Senator Dietrich will go to Hastings the later part of the week and in June will start for Washington.
